Be Part of the Story

We hope your journey with Clubs That Care is nothing short of amazing! We encourage you to share the incredible work you're doing with us using **#ClubsThatCare.** It's stories like yours that help foster accessibility and inspire change in other youth in Canada.

Should you wish to share your club's success via social media, you can tag our various Makers Making Change accounts listed below and we may post or reshare your club activity. You may wish to create accounts for your club or use an individual account to share your content.
Please note it is completely voluntary to post club content on social media.

Your club will also have the opportunity to participate in a success story in our Makers Making Change bi-weekly newsletter, social media and website. These success stories are an opportunity to highlight your club and you as an individual and the work you are doing. If you are interested in being featured, please reach out to info@makersmakingchange.com
